TAIZHOU LAOYIOU
FLUID CONTROL CO.,LTD.

COMPANY INTRODUCTION

LAOYIOU
FLUID CONTROL

Located in the Longxi industrial zone, Yuhuan county, Zhejiang province, Taizhou Laoyiou fluid control Co., Ltd. Which has possessed rich technical resources, excellent processing equipment and high precision measure methods. The products in the works are fully absorbed the essences of the similar products of the other countries and the new demands of the foreign users.

Our company whose principle is that contracts are honored and commercial integrity is maintained by the industrial and commercial circle and financial institutions for many years. Being an ISO9002 quality system and UL certified & NSF-PW certified enterprise, our company always emphasizes quality control, the company has its own import & export licence and the products are sold all over the world, such as U.S.A, U.K, Germany, South Africa Middle East, Southeast Asia, Hongkong, Taiwan.....

"Solidarity, Diligence, High Efficiency, Innovation" are the purposes of our business, we adhere the principle of "quality and enterprise coexistence". All old and new customers are welcome to offer your support and cooperation.

The staff of the company has been persistent and confident in their efforts for a brighter prospect.

LAOYIOU

FLUID CONTROL

Doing best to be a leading manufacture
of brass valves and fittings in china

SOPHISTICATED PRODUCTION EQUIPMENTS

Modern factories have professional first-class manufacturing equipment, the international advanced level of valve production line.

After finishing, thoroughly tempered high technology, stable and professional division is meticulous, trained with regularity of industrial workers, organized management strict and standardized, so that the manufacturing level "Laoyiou" and constantly improve product quality.
